Award of Merit (Rochester Academy of Medicine) 1997

RESEARCH:

Research Projects:

Physical conditioning and exercise strategies for maintenance of functional state in older subjects, especially frail elderly populations.

Epidemiology and clinical significance of viral respiratory tract infection in older individuals.

Strategies for prevention of deconditioning and improved care of elderly during acute hospitalization.

Mechanisms of altered airway function in viral respiratory tract illness in adults.

Strategies for improving geriatric education of generalist physicians in training.

Community-based education for medical students

Research Grants Obtained last 10 years:

Co-Investigator:

Multidisciplinary Training Grant in Pulmonary Disease.
NIH 5 T 32 HL072161 1982-1985 (\$304,542)

Co-Investigator:

Interdisciplinary Research Center in Immunologic Diseases.
NIAID PHS 1 P50 AI 15372 1982-1984 (\$125,000)

Co-Investigator:

Development and Evaluation of Severity Adjusted Outcome Measures in Assessing Hospital Inpatient Quality at the Community Level.
John C. Hartford Foundation 1987-1990 (\$600,000)

Co-principal Investigator:

Rochester Area Pepper Center (Older Americans Independence Centers)
NIA 1-P60 AG10463 1991-1996 (\$6,494,177)

Principal Investigator:

Bureau of Health Professions (\$725,000)

Principal Investigator:

"Combined Geriatric-Oncology Fellowship Programs: 1998-2001
Hartford Foundation (\$753,905)

INTRAMURAL COMMITTEES:

Department of Medicine Promotions Committee (1992-)
Executive Committee, Department of Medicine (1992-)
Integrated Delivery System Steering Committee (1992)
Chair, Subacute Task Force, Integrated Delivery System Committee (1994)
Chair, Strong Memorial/Highland Health Systems Geriatrics Transition Team (1996)
Chair, Continuum of Care Committee-Strong Health Partners (1997-)

ADMINISTRATIVE RESPONSIBILITIES (1983-present):

Director, Division of Geriatrics, Chief, General Medicine/Geriatrics Unit (both at the University of Rochester School of Medicine & Dentistry, Strong Memorial Hospital) 1999-

Overall responsibility for initiating comprehensive clinical, educational and research programs related to the care of older adults in the StrongHealth System.

Vice-Chair, Department of Medicine; Chief, General Medicine/Geriatrics Unit (both at the University of Rochester School of Medicine & Dentistry, Strong Memorial Hospital) 1992-1999.

Scope of responsibilities:

Overall responsibility for educational programs of the Department at student, resident, fellow, and continuing education.

Supervision and direction of the General Medicine/Geriatrics Unit, including approximately 20 full-time faculty. Direction of clinical and research programs of this unit.

Development of clinical programs, including the major clinical teaching practice involving over 60 residents.

Supervision of resident inpatient service (approximately 60 beds)

Development of Geriatric programs, including the Rochester Area Pepper Center, Fellowship program, and related activities at Strong Memorial Hospital and Monroe Community Hospital.

Chief of Medicine, Rochester General Hospital, 1983-92: Scope of responsibilities:

Overall administrative direction of inpatient Medical Service, consisting of approximately 200 inpatient beds, including Intensive Care Unit, Specialized Cardiac Care Unit, and Alternate Level of Care Unit (for frail elderly). Over 7,000 admissions were recorded yearly.

Supervision of 150 private Attending physicians, including credentials, privileges, continuing education.

Academic supervision of full-time University faculty based at RGH, consisting of 30 faculty members and staff. responsible for recruitment, mentoring, research funding, promotions and university relationships.
